

American Savings Bank is proud to partner with the Honolulu Academy of Arts in recognizing the talent of Hawai'i's artists. The artwork featured in this year's calendar is a small selection of the pieces highlighted in the academy's Artists of Hawai'i 2009 exhibition. This year marked the 58th Artists of Hawai'i, the largest and longest-running all-media, juried exhibition in the state. Since the show's inception, more than 1,900 artists have had the opportunity to share their work with the community. Some are well-known figures in the field and others are young, emerging artists. From the 951 images of works submitted for inclusion in this year's show, 87 were selected for the exhibition. Your 2010 calendar features a diverse mix of 12 of those pieces. We hope that you will enjoy the creativity of these artists.
